

Transfer Courses:

Mid-State Technical College	BS-HIMT
<b>TERM 1</b>	
10501101 Medical Terminology (3)	HIMT 330 Healthcare I Terminology and Body Systems (3)
10806177 General Anatomy & Physiology (4) or 10806189 Basic Anatomy (3)	BIO115-101 Human Biology <b>OR</b> A&P Course Approved by MTSC (4)
<b>TERM 2</b>	
10530123 Introduction to Digital Information in Healthcare (3)	HIMT 320 Survey of Information Technology in Healthcare (3)
10530144 CPT Coding (3)	No transfer
10530117 Human Disease for Health Professions (3)	HIMT 360 Healthcare II: Survey of Disease and Treatment (3)
10530197 ICD Diagnostic Coding (3)	No transfer
<b>TERM 3</b>	
10530146 Private and Government Reimbursement (3)	HIMT 380 Healthcare Billing, Coding & Reimbursement (3)
10530147 HIM Advanced Coding (3)	No transfer
10530115 In Patient Procedure Coding (3)	No transfer
<b>28 credits</b>	<b>19 Credits Transfer (if A&amp;P course accepted)</b>

**REQUIRED COURSES:**

MSTC Program Requirements for the MCTD Diploma will need to be completed. The following coursework will be required to obtain the MCTD Diploma:

- 10530144 CPT Coding (3)
- 10530197 ICD Diagnostic Coding (3)
- 10530147 HIM Advanced Coding (3)
- 10530115 In Patient Procedure Coding (3)

Special Considerations:

1. Students who complete, at minimum, the BS-HIMT courses listed above or those students who have completed the full BS-HIMT program and who are interested in pursuing medical coding will be encouraged to continue their academic work toward the completion of the Mid-State Technical College MCTD Diploma program.
2. Mid-State's MCTD program will accept up to nineteen (19) academic semester credits towards the program. Fifteen (15) credits from the BS-HIMT core course list and three (3) potential credits transferred if the student has completed an approved A&P course at one of the UW-System institutions or at another university. A&P course is subject to approval. Biol 115-101: Human Biology Lecture (4cr) from UW-Independent Learning has been approved as acceptable transfer credits. Other A&P courses that a student has previously completed will be subject to approval from Mid-State.
3. BS-HIMT students entering the Mid-State Technical Diploma program for Coding must first successfully complete an approved Anatomy & Physiology course prior to taking other courses in the Technical Diploma program.
4. Along with the transferred credits from BS-HIMT and upon successful completion of the four (4) courses listed above, the BS-HIMT student will have earned the MCTD diploma from Mid-State Technical College.
