

Graduate Outcomes

December 2022-May 2023 Graduates

This report includes information about the successes of Mid-State's 2022-23 graduates. The information was compiled based on web, mail, and telephone surveys conducted from July 2022 through January 2023. The survey was completed by 557 out of 798 students who graduated in December 2022 through May 2023 for a response rate of 70%. Salary figures are based on those respondents who report being employed in occupations related to their training. The median salary reflects the midpoint of salaries reported for each program. The results are listed by degree type: Applied Associate Degree, AA/AS Associate Degree, Short-Term Technical Diploma, 1-and 2-year technical diploma.
